

TECHNICAL DATA

Plastic Spiral Wraps

Temperature range -20°C to +70°C

■ STRUCTURE

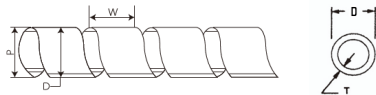

- Material: Polyethylene (PE)

■ PROPERTIES

- halogen-free
- UL94V-0

■ APPLICATION

- Machine and plant construction
- Robotics
- Automation technology
- Vehicle construction and shipbuilding
- Railway technology
- Installation technology
- Control cabinet construction
- Protects wiring harnesses, wires and lines. Bundles and binds single wires and provides mechanical protection for loosely installed or moving cables and lines.

Part no.	Size D(mm)	W (mm)	T (mm)	Colour	Bundle Ø mm	Packaging unit (in m)
1891000	6	7.0	0.9	transparent	4 - 50	100
